

Urea Ammonium Nitrate Solution

Name: Urea Ammonium Nitrate Solution

CAS No.: N/A

Molecular Formula: N/A

Properties: Colorless, Can only exist in liquid at room temperature.

Specification:

Appearance	Colorless
Nitrogen	28% min
Ammonium nitrate	40% min
Urea	31% min
Moisture	29% max
Free Ammonia	0.5% max
Solubility	100%
pH (10% aqueous solution)	6.8-7.5

Usage: It's a kind of aqueous solution of urea and ammonium nitrate, can be used as agricultural fertilizer.

Packing and Storage: 20L or 1000L drum, or as client's request, store at a cool, dry and well ventilated place. Avoid moisture and water.
